

# Cities of Hallandale Beach and Hollywood Joint Sustainability Workshop Series

## 2016 Rain Barrel and Native Plant Workshop

Two Rain Barrel and Native Plant Workshops were held, one in Hallandale Beach (July) and one in Hollywood (August)

Topics included rain barrel creation, AC condensate collection for irrigation, native plant species and benefits, water conservation and storm water management techniques

In total, 17 Hallandale Beach and Hollywood residents attended the workshops

10 rain barrels were raffled and each resident took home multiple native plants

Attendees were extremely engaged with presenters

Stay tuned for future workshops!
