

O.B. Johnson Park Project

Project Location: 1000 NW 8th Avenue

Project Description: The improvements under this project consist of a complete redesign and new construction of the Park Facility to include a 42,000 square foot Intergenerational center which will house the Park programs and Austin Hepburn Center. The exterior of the park will include a PAL Building (Office/Storage/Restroom/Concession), playground with shade cover, walking path, multi-purpose field, tennis courts, and on-site parking for 114 vehicles.
