1. Definitions.

"Baseline" means the general release version of a Component System as updated to the particular time in question through both SunGard Public Sector's warranty services and SunGard Public Sector's Maintenance Program, but without any other modification whatsoever.

"Component System" means any one of the computer software programs which is identified in Exhibit 1 as a Component System, including all copies of Source Code, Object Code and all related specifications, documentation, technical information, and all corrections, modifications, additions, improvements and enhancements to and all Intellectual Property Rights for such Component System.

"Confidential Information" means non-public information of a party to this Agreement. Confidential Information of SunGard Public Sector includes the Software, all software provided with the Software, and algorithms, methods, techniques and processes revealed by the Source Code of the Software and any software provided with the Software. Confidential Information does not include information that: (i) is or becomes known to the public without fault or breach of the Recipient; (ii) the Discloser regularly discloses to third parties without restriction on disclosure; or (iii) the Recipient obtains from a third party without restriction on disclosure and without breach of a non-disclosure obligation.

"Delivery Address" means the Customer shipping address set forth in Exhibit 1 as the Delivery Address.

"Delivery Date" means, for each Component System, the date on which SunGard Public Sector first ships the Component System to the Delivery Address F.O.B. SunGard Public Sector's place of shipment.

"Discloser" means the party providing its Confidential Information to the Recipient.

"Defect" means a material deviation between the Baseline Component System and its documentation, for which Defect Customer has given SunGard Public Sector enough information

to enable SunGard Public Sector to replicate the deviation on a computer configuration that is both comparable to the Equipment and that is under SunGard Public Sector's control.

"Execution Date" means the latest date shown on the signature page of this Agreement.

"Equipment" means a hardware and systems software configuration meeting the "Equipment" criteria set forth in Exhibit 1.

"Exhibit 1" means, collectively: (i) The schedule attached to this Agreement which is marked as "Exhibit 1," including all attached Software Supplements; and (ii) any schedule also marked as "Exhibit 1" (also including any attached Software Supplements) that is attached to any amendment to this Agreement. Other appendices to this Agreement are numbered sequentially and are also "Exhibits."

"Intellectual Property Rights" means all patents, patent rights, patent applications, copyrights, copyright registrations, trade secrets, trademarks and service marks and Confidential Information.

"Software" means the Component Systems listed in Exhibit 1.

"Customer Employees" means: (i) Customer's employees with a need to know; and (ii) third party consultants engaged by Customer who have a need to know, who have been pre-approved by SunGard Public Sector, and who, prior to obtaining access to the Software, have executed a SunGard Public Sector-approved non-disclosure agreement.

"Object Code" means computer programs assembled, compiled, or converted to magnetic or electronic binary form on software media, which are readable and usable by computer equipment.

"Recipient" means the party receiving Confidential Information of the Discloser.

"Software Supplement" means, with respect to a Component System, the addendum provided as part of Exhibit 1 that contains additional terms, conditions, limitations and/or other information

pertaining to that Component System. If any terms of a Software Supplement conflicts with any other terms of this Agreement, the terms of the Software Supplement will control.

"Source Code" means computer programs written in higher-level programming languages, sometimes accompanied by English language comments and other programmer documentation.

2. Right to Grant License and Ownership.

SunGard Public Sector has the right to grant Customer this license to use the Software. Except as otherwise indicated in a Software Supplement, SunGard Public Sector owns the Software.

3. License. Subject to the terms and conditions of this Agreement, SunGard Public Sector grants Customer a perpetual, non-exclusive, non-transferable license to use and copy for use the Software on the Equipment within the United States of America for Customer's own, non-commercial computing operations. Any rights not expressly granted in this Agreement are expressly reserved.

(a) Source Code. SunGard Public Sector has placed the Source Code for those SunGard Public Sector-proprietary (as opposed to third party-owned) Component Systems identified in Exhibit 1 in escrow with Iron Mountain Intellectual Property Management ("Iron Mountain") pursuant to a Source Code Escrow Agreement between Iron Mountain and SunGard Public Sector ("Escrow Agreement"). SunGard Public Sector updates such Source Code escrow deposits at least one a calendar year. Such Source Code will only be made available on the release terms of the Escrow Agreement, and only to those SunGard Public Sector licensees that have elected to be named "Preferred Beneficiaries" under the Escrow Agreement by executing a Preferred Beneficiary Acceptance Form and paying Iron Mountain the beneficiary fee specified by Iron Mountain (as of the Execution Date, approximately \$700 per year). SunGard Public Sector will provide Licensee with a copy of the Preferred Beneficiary Acceptance Form at Licensee's request.

(b) Object Code. Customer has right to use the Software in Object Code form. Customer also has the right to use the Software in Object Code form temporarily on another SunGard Public Sector-supported configuration, for disaster recovery of Customer's computer operations.

(c) Documentation. Except as otherwise provided for in the applicable Software

Supplement, Customer can make a reasonable number of copies of the documentation for each Component System for its use in accordance with the terms of this Agreement.

(d) Restrictions on Use of the Software. Customer is prohibited from causing or permitting the reverse engineering, disassembly or decompilation of the Software. Customer is prohibited from using the Software to provide service bureau data processing services or to otherwise provide data processing services to third parties. Customer will not allow the Software to be used by, or disclose all or any part of the Software to, any person except Customer Employees. Without limiting the foregoing, Customer is permitted to allow use of the input and/or output sensory displays of or from the Software by third parties on a strict "need to know" basis, and such use will not be deemed a non-permitted disclosure of the Software. Customer will not allow the Software, in whole or in part, to be exported outside of the United States of America, in any manner or by any means, without in each instance obtaining SunGard Public Sector's prior written consent and, if required, a validated export license from the Office of Export Administration within the U.S. Department of Commerce and such other appropriate United States governmental authorities.

(e) Intellectual Property Rights Notices. Customer is prohibited from removing or altering any of the Intellectual Property Rights notice(s) embedded in or that SunGard Public Sector otherwise provides with the Software. Customer must reproduce the unaltered Intellectual Property Rights notice(s) in any full or partial copies that Customer makes of the Software.

4. Services.

(a) Generally. SunGard Public Sector will provide Customer with the information services identified in Exhibit 1, for the fees provided in Exhibit 1.

(b) Additional Services. SunGard Public Sector can also provide Customer with additional information services, at SunGard Public Sector's then-current rates, or at such other rates as are agreed to by the parties in an amendment to this Agreement.

(c) Workmanlike Skills. SunGard Public Sector will render all services under this Agreement in a professional and workmanlike manner. SunGard Public Sector will promptly

replace any SunGard Public Sector personnel that are rendering services on-site at a Customer facility if Customer reasonably considers the personnel to be unacceptable and provides SunGard Public Sector with notice to that effect, provided that such replacement does not violate any law or governmental regulation applicable to such personnel replacement.

(d) Conditions On Providing Services. In each instance in which SunGard Public Sector is providing Customer with services, SunGard Public Sector and Customer will develop a project plan that identifies each party's responsibilities for such services. The project plan will describe in detail the tentative schedule and the scope of services that SunGard Public Sector will provide. Customer will establish the overall project direction, including assigning and managing the Customer's project personnel team. Customer must assign a project manager who will assume responsibility for management of the project. Customer must ensure that the Equipment is operational, accessible and supported at the times agreed to by the parties in the project plan. While SunGard Public Sector is providing such services, Customer must provide SunGard Public Sector with such facilities, equipment and support as are reasonably necessary for SunGard Public Sector to perform its obligations, including remote access to the Equipment.

5. Delivery. Except as otherwise provided in Exhibit 1, SunGard Public Sector will deliver all Component Systems to Customer at the Delivery Address.

6. Payment and Taxes.

(a) Payment.

(i) License Fees. Fees for the Software will be due to SunGard Public Sector as provided for in Exhibit 1.

(ii) Professional Services Fees. Except as otherwise provided in Exhibit 1, fees for professional services will be invoiced on a monthly basis in arrears and will be due within thirty (30) days from the date of invoice. Customer will reimburse SunGard Public Sector for actual travel and living expenses that SunGard Public Sector incurs in providing Customer with services under this Agreement. Such travel and living expenses will be governed in accordance with the limitations of FSS 112.061 and will be invoiced on a monthly basis in arrears and due within thirty (30) days from the date of invoice.

(iii) Late Charge. SunGard Public Sector will have the right to charge a late fee to the extent that payment is received later than thirty (30) days from the date of invoice. Late fees will be calculated based on a per annum rate equal to the lesser of: (i) the prime lending rate established from time to time by Citizens Bank, Philadelphia, Pennsylvania plus three percent (3%); and (ii) the highest rate permitted by applicable law, and will be payable to SunGard Public Sector on demand.

(b) Taxes. Customer is responsible for paying all taxes (except for taxes based on SunGard Public Sector's net income or capital stock) relating to this Agreement, the Software, any services provided or payments made under this Agreement. Applicable tax amounts (if any) are NOT included in the fees set forth in this Agreement. If Customer is exempt from the payment of any such taxes, Customer must provide SunGard Public Sector with a valid tax exemption certificate; otherwise, absent proof of Customer's direct payment of such tax amounts to the applicable taxing authority, SunGard Public Sector will invoice Customer for and Customer will pay to SunGard Public Sector all such tax amounts.

(c) Scheduled Resource Changes: For training and on-site project management sessions which are cancelled at the request of Customer within fourteen (14) days of the scheduled start date, Customer is responsible for entire price of the training or on-site project management plus incurred expenses.

7. Limited Warranty, Disclaimer of Warranty and Election of Remedies.

(a) Limited Software Warranty by SunGard Public Sector and Remedy For Breach. For each Component System, SunGard Public Sector warrants to Customer that, for a period of twelve (12) months after the Delivery Date, the Baseline Component System, as used by Customer on the Equipment for its own, non-commercial computing operations, will operate without Defects. For each Defect, SunGard Public Sector, as soon as reasonably practicable and at its own expense, will provide Customer with an avoidance procedure for or a correction of the Defect. If, despite its reasonable efforts, SunGard Public Sector is unable to provide Customer with an avoidance procedure for or a correction of a Defect, then, subject to the limitations set forth in Section 16 of this Agreement, Customer may pursue its remedy

at law to recover direct damages resulting from the breach of this limited warranty. These remedies are exclusive and are in lieu of all other remedies, and SunGard Public Sector's sole obligations for breach of this limited warranty are contained in this Section 7(a).

(b) Disclaimer of Warranty. The limited warranty in Section 7(a) is made to Customer exclusively and is in lieu of all other warranties. **SUNGARD PUBLIC SECTOR MAKES NO OTHER WARRANTIES WHATSOEVER, EXPRESS OR IMPLIED, WITH REGARD TO ANY SERVICES PROVIDED UNDER THIS AGREEMENT AND/OR THE SOFTWARE, IN WHOLE OR IN PART. SUNGARD PUBLIC SECTOR EXPLICITLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE. SUNGARD PUBLIC SECTOR EXPRESSLY DOES NOT WARRANT THAT THE SOFTWARE, IN WHOLE OR IN PART, WILL BE ERROR FREE, WILL OPERATE WITHOUT INTERRUPTION OR WILL BE COMPATIBLE WITH ANY HARDWARE OR SOFTWARE OTHER THAN THE EQUIPMENT. CUSTOMER WAIVES ANY CLAIM THAT THE LIMITED WARRANTY SET FORTH IN SECTION 7(A) OR THE REMEDY FOR BREACH OF SUCH LIMITED WARRANTY FAILS OF ITS ESSENTIAL PURPOSE.**

(c) Abrogation of Limited Warranty. The limited warranty in Section 7(a) will be null and void if: (i) anyone (including Customer) other than SunGard Public Sector modifies the Baseline Component System; or (ii) Customer does not implement changes that SunGard Public Sector provides to correct or improve the Baseline Component System. If despite any modification of the Component System, SunGard Public Sector can replicate the reported problem in the Baseline Component System as if the problem were a Defect, then SunGard Public Sector will nonetheless provide Customer with an avoidance procedure for or a correction of that reported problem for use in the Baseline Component System as though the reported problem were a Defect.

(d) FAILURE OF ESSENTIAL PURPOSE. **THE PARTIES HAVE AGREED THAT THE LIMITATIONS SPECIFIED IN SECTIONS 7 AND 16 WILL SURVIVE AND APPLY EVEN IF ANY LIMITED REMEDY SPECIFIED IN THIS AGREEMENT IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE, AND**

REGARDLESS OF WHETHER CUSTOMER HAS ACCEPTED ANY SOFTWARE OR SERVICE UNDER THIS AGREEMENT.

8. Confidential Information. Except as otherwise permitted under this Agreement and to the extent permitted by law, the Recipient will not knowingly disclose to any third party, or make any use of the Discloser's Confidential Information. The Recipient will use at least the same standard of care to maintain the confidentiality of the Discloser's Confidential Information that it uses to maintain the confidentiality of its own Confidential Information of equal importance. Except in connection with the Software and any software provided with the Software, the non-disclosure and non-use obligations of this Agreement will remain in full force with respect to each item of Confidential Information for a period of ten (10) years after Recipient's receipt of that item. However, Customer's obligations to maintain both the Software and any software provided with the Software as confidential will survive in perpetuity.

9. Indemnity by SunGard Public Sector. SunGard Public Sector will defend, indemnify and hold Customer harmless from and against any loss, cost and expense that Customer incurs because of a claim that use of a Baseline Component System infringes any United States copyright of others. SunGard Public Sector's obligations under this indemnification are expressly conditioned on the following: (i) Customer must promptly notify SunGard Public Sector of any such claim; (ii) Customer must in writing grant SunGard Public Sector sole control of the defense of any such claim and of all negotiations for its settlement or compromise (if Customer chooses to represent its own interests in any such action, Customer may do so at its own expense, but such representation must not prejudice SunGard Public Sector's right to control the defense of the claim and negotiate its settlement or compromise); (iii) Customer must cooperate with SunGard Public Sector to facilitate the settlement or defense of the claim; (iv) the claim must not arise from modifications or (with the express exception of the other Component Systems and third party hardware and software specified by SunGard Public Sector in writing as necessary for use with the Software) from the use or combination of products provided by SunGard Public Sector with items provided by Customer or others. If any Component System is, or in SunGard Public Sector's opinion is likely to become, the subject of a United States copyright infringement claim, then SunGard Public Sector, at its sole option and expense, will either: (A)

obtain for Customer the right to continue using the Component System under the terms of this Agreement; (B) replace the Component System with products that are substantially equivalent in function, or modify the Component System so that it becomes non-infringing and substantially equivalent in function; or (C) refund to Customer the portion of the license fee paid to SunGard Public Sector for the Component System(s) giving rise to the infringement claim, less a charge for use by Customer based on straight line depreciation assuming a useful life of five (5) years. **THE FOREGOING IS SUNGARD PUBLIC SECTOR'S EXCLUSIVE OBLIGATION WITH RESPECT TO INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS.**

10. Term and Termination.

(a) Right of Termination. A party has the right to terminate this Agreement if the other party breaches a material provision of this Agreement. Either party has the right to terminate this Agreement at any time while an event or condition giving rise to the right of termination exists. To terminate this Agreement, the party seeking termination must give the other party notice that describes the event or condition of termination in reasonable detail. From the date of its receipt of that notice, the other party will have thirty (30) days to cure the breach to the reasonable satisfaction of the party desiring termination. If the event or condition giving rise to the right of termination is not cured within that period, this Agreement will automatically be deemed terminated at the end of that period. However, notice to SunGard Public Sector of a suspected Defect will not constitute a notice of termination of this Agreement.

(b) Termination for Convenience. Customer will additionally have the right to terminate this Agreement for convenience, by providing SunGard Public Sector with written notice of such termination for convenience at least thirty (30) days prior to the effective date of such termination for convenience. Provided as a strict condition of such right of termination for convenience, Customer must first remit to SunGard Public Sector payment in full of: (a) all license fee amounts for the Component Systems(s), (b) all amounts for all third party products provided by SunGard Public Sector under or pursuant to this Agreement, (c) all fees for services rendered by or on behalf of SunGard Public Sector, and (d) all reimbursable expenses incurred by SunGard Public Sector.

(c) Effect of Termination. Upon termination of this Agreement by either party, Customer will promptly return to SunGard Public Sector or (at SunGard Public Sector's request) will destroy all copies of the Software, and will certify to SunGard Public Sector in writing, over the signature of a duly authorized representative of Customer, that it has done so.

(d) Survival of Obligations. All obligations relating to non-use and non-disclosure of Confidential Information and indemnity will survive termination of this Agreement.

(e) Termination Without Prejudice to Other Rights and Remedies. Termination of this Agreement will be without prejudice to the terminating party's other rights and remedies pursuant to this Agreement.

11. Notices. All notices and other communications required or permitted under this Agreement must be in writing and will be deemed given when: Delivered personally; sent by United States registered or certified mail, return receipt requested; transmitted by facsimile confirmed by United States first class mail; or sent by overnight courier. Notices must be sent to a party at its address shown on the first page of this Agreement, or to such other place as the party may subsequently designate for its receipt of notices.

12. Force Majeure. Neither party will be liable to the other for any failure or delay in performance under this Agreement due to circumstances beyond its reasonable control, including Acts of God, acts of war, accident, labor disruption, acts, omissions and defaults of third parties and official, governmental and judicial action not the fault of the party failing or delaying in performance.

13. Assignment. Neither party may assign any of its rights or obligations under this Agreement, and any attempt at such assignment will be void without the prior written consent of the other party. For purposes of this Agreement, "assignment" will include use of the Software for benefit of any third party to a merger, acquisition and/or other consolidation by, with or of Customer, including any new or surviving entity that results from such merger, acquisition and/or other consolidation. However, the following will not be considered "assignments" for purposes of this Agreement: SunGard Public Sector's assignment of this Agreement or of any SunGard Public Sector rights under this Agreement to SunGard Public Sector's successor by merger or consolidation or to any

person or entity that acquires all or substantially all of its capital stock or assets; and SunGard Public Sector's assignment of this Agreement to any person or entity to which SunGard Public Sector transfers any of its rights in the Software.

14. No Waiver. A party's failure to enforce its rights with respect to any single or continuing breach of this Agreement will not act as a waiver of the right of that party to later enforce any such rights or to enforce any other or any subsequent breach.

15. Choice of Law; Severability. This Agreement will be governed by and construed under the laws of the State of Florida, without reference to the choice of laws provisions thereof. If any provision of this Agreement is illegal or unenforceable, it will be deemed stricken from the Agreement and the remaining provisions of the Agreement will remain in full force and effect.

16. LIMITATIONS OF LIABILITY.

(a) LIMITED LIABILITY OF SUNGARD PUBLIC SECTOR. SUNGARD PUBLIC SECTOR'S LIABILITY IN CONNECTION WITH THE SOFTWARE, ANY SERVICES, THIS LICENSE OR ANY OTHER MATTER RELATING TO THIS AGREEMENT WILL NOT EXCEED THE FEE THAT CUSTOMER ACTUALLY PAID TO SUNGARD PUBLIC SECTOR (OR, IF NO DISCRETE FEE IS IDENTIFIED IN EXHIBIT 1, THE FEE REASONABLY ASCRIBED BY SUNGARD PUBLIC SECTOR) FOR THE COMPONENT SYSTEM OR SERVICES GIVING RISE TO THE LIABILITY.

(b) EXCLUSION OF DAMAGES. REGARDLESS WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL SUNGARD PUBLIC SECTOR BE LIABLE TO CUSTOMER FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER BASED ON BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY, OR OTHERWISE, AND WHETHER OR NOT SUNGARD PUBLIC SECTOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

(c) BASIS OF THE BARGAIN. CUSTOMER ACKNOWLEDGES THAT SUNGARD PUBLIC SECTOR HAS SET ITS FEES AND ENTERED INTO THIS AGREEMENT IN RELIANCE UPON THE LIMITATIONS OF LIABILITY AND THE DISCLAIMERS OF WARRANTIES AND DAMAGES SET FORTH IN THIS AGREEMENT, AND THAT THE SAME FORM AN ESSENTIAL BASIS OF THE BARGAIN BETWEEN THE PARTIES.

17. Entire Agreement. This Agreement contains the entire understanding of the parties with respect to its subject matter, and supersedes and extinguishes all prior oral and written communications between the parties about its subject matter. Any purchase order or similar document which may be issued by Customer in connection with this Agreement does not modify this Agreement. No modification of this Agreement will be effective unless it is in writing, is signed by each party, and expressly provides that it amends this Agreement.

EQUIPMENT: Host(s) or client server configuration(s) and/or combinations of host(s) and client server configuration(s) within the United States of America for which SunGard Public Sector supports the Software. Customer acknowledges that certain Component Systems of the Software may require specific host or client configurations. Customer, as soon as reasonably practicable, will provide a detailed written description of the Equipment so that SunGard Public Sector can confirm that it is a configuration on which SunGard Public Sector supports use of the Software.

NOTICE: To use any of the Software, Customer must also obtain, install on the Equipment and maintain SunGard Public Sector-supported versions of certain software products and software/hardware peripherals. By this notice, SunGard Public Sector is advising Customer that Customer should consult with its SunGard Public Sector Professional Services representative to obtain a written listing of such necessary software products and software/hardware peripherals. General Project Conditions are as follows:

GENERAL PROJECT CONDITIONS

General Project Conditions - Applies to Entire Project

- Item 1:** This Agreement is based on the assumption that a Windows 2000 or higher Domain is already in place and functional. If this is not the case, the Customer is required to provide all necessary equipment and services for such implementation.
- Item 2:** The Customer shall provide a certified TCP/IP network with all communications equipment and any other required components. The cabling of this network, installation of punch down panels, hubs, routers, etc. will be the responsibility of the Customer. Additionally, the Customer is responsible for acquiring software that is needed for monitoring and maintaining the network.
- Item 3:** SunGard Public Sector always recommends the highest performance connection for all LAN and WAN connections. Listed below are SunGard Public Sector's recommendations in order of highest throughput:
- a. 1 Gb CAT5 (LAN) or Fiber (WAN)
 - b. 100 Mb CAT5 (LAN) or Fiber (WAN)
 - c. 10 Mb CAT5 (LAN) or Fiber (WAN)
 - d. Line of Site Technology
- Item 4:** If applicable, all RMS/JMS Workstations must be connected to a 10 Mb/sec or faster TCP/IP LAN. SunGard Public Sector recommends a 100 Mb/sec Switched LAN for optimum performance.
- Item 5:** If applicable, all CAD Workstations must be connected to a dedicated 100 Mb/sec switched TCP/IP LAN.
- Item 6:** The Customer is responsible for the physical placement of all CAD and/or RMS/JMS workstations and certifying that they are operational on the Customer's network. SunGard Public Sector will load our CAD and/or RMS/JMS software on up to five (5) CAD and/or RMS/JMS workstations and train the Customer on the loading process.

Item 7: SunGard Public Sector's CAD Application Software interfaces with the E911 telephone switch via an RS-232 Serial Cable. The Customer must provide this cable (with accurate pin-outs) to connect their E911 ALI Controller's CAD Port to the SunGard Services Workstation's serial port. The maximum length of this cable is 50 feet. In the event that a single CAD Server is servicing multiple communication centers (one CAD Server and multiple E911 ALI sources), a SunGard Public Sector Services Workstation will be required for each PSAP for proper ALI functionality. The Customer must also provide SunGard Public Sector with accurate ALI interface data formats from their E911 Vendor.

Item 8: In acquiring SunGard Public Sector's Message Switch and Mobile Software, the Customer is responsible for all of the associated costs for wireless, WAN and LAN communication with the local provider/State/NCIC networks. This may include the following:

- i. Dedicated Line
- ii. Any encryption to meet State and FBI requirements
- iii. DSU to State
- iv. Any wireless carrier charges and setup
- v. Any installation Charges
- vi. Recurring charges or costs
- vii. Surcharges by the State

Item 9: The Customer shall implement an Uninterruptible Power Supply (UPS) system for all servers and all CAD workstations. This can be at the machine level or at the site level. SunGard Public Sector recommends the use of an enterprise level Master UPS and external generator for full power backup.

Item 10: SunGard Public Sector software is designed for use with laser jet printers for report output in order to utilize the wider margins available. Report output on non-laser printers (inkjet, dot-matrix, etc.) may be adequate, but is not guaranteed by SunGard Public Sector.

Item 11: Virtual Environment Platform

Infrastructure Overview.

The server hardware may be made up of physical servers, virtual servers (using VMware ESX), or a combination of the two, provided, however, that following conditions apply.

Customer and VMware are responsible for selecting the appropriate VMware application software and solution.

VMware supports a set of certified operating systems and hardware. Customer and VMware are responsible for any interactions and/or issues that arise at the hardware or operating system layer as a result of their use of VMware.

The use of a VMware virtual machine adds software overhead, which may impact performance or scalability. Any statements made by SunGard Public Sector on expected product performance on a hardware platform cannot be interpreted to apply to a virtual machine running on the same hardware platform. Customer must allocate at least an equivalent amount of virtualized resources to the OSSI systems in order to address performance issues. The VMware organization can provide information on how to tune your environment to maximize the performance within a virtual machine. If a performance issue is reported, the VMware layer, as well as the software, will be suspect in the research. Any research required on the VMware performance will be the responsibility of the Customer.

SunGard Public Sector will use commercially reasonable efforts to investigate potential issues with OSSI software running in conjunction with VMware. Where issues are confirmed to be unrelated to the VMware software, SunGard Public Sector will support its software in a manner that is consistent with support provided when that software is running natively under the host operating system.

Required and/or optional software vendors may not support VMware software. These vendors may require the issue to be reproduced independently from VMware software.

Part Number: RMS-PROJ-MGNT

Description: PROJECT MANAGEMENT FOR RMS

Long Description: Includes professional services from SunGard for management oversight and coordination with the Customer's project management, SunGard's internal resources and any third party vendors. Includes coordinating with the customer's project manager all SunGard related deliveries such as application software, implementation services, and scheduling of SunGard's resources with the customer.

Notes:

" These services do not include training. SunGard does not see any major application training needs; the primary impact on Davie end-users will be changes to pick list items.

" Data conversion would be additional and requires a SOW once Davie determines what data, if any, they want archived.

" The proposed Implementation services are assuming that BSO would build user and group data, as well as agency-specific codes and pick list items manually (as for Sunrise). If BSO desires that these items be "copied over" from Davie's current RMS, that would require Development services that are above and beyond this estimate.

" Services to implement SunGard applications, such as the Sex Offender Module, currently installed at Davie but not at BSO, would be additional.

This estimate is based in part on experience with the Sunrise implementation. We are open to taking on additional tasks in order to relieve BSO staff of some of their implementation responsibilities, if desired, so that they can focus on day-to-day responsibilities. As a next step, we would like to meet with BSO in the near future to discuss their needs and expectations and to identify specific deliverables to support both them and Davie through the transition.

- Missing streets
- Missing street segments
- Missing intersections
- Errors in street names, street prefixes and street type

Without limiting Customer's obligation to provide accurate data, SunGard Public Sector will return to Customer a list of the logical errors discovered by SunGard Public Sector when Customer's street inventory and attribute data are reviewed by SunGard Public Sector's editing/data validation utility tool ("Validation Tool"). The Validation Tool checks for the following logical errors:

- Address range undershoots
- Address range overshoots
- Missing street names
- Missing street ranges

Customer, and not SunGard Public Sector, is solely responsible for correcting all errors and ensuring the accuracy of all GIS provided data. Customer is additionally responsible to digitize all required map layers to support the Public Safety GIS-based CAD and RMS subsystems.

DATA ACCESS SUBSCRIPTION SUPPLEMENT

1. Additional Definitions.

"Agency" means any law enforcement organization that hosts an Agency Database on its own computer system and that makes its Agency Database available for query and retrieval access by other law enforcement agencies having a public service interest in obtaining the information contained on that Agency Database.

"Agency Database" means a compilation of data related to law enforcement, public safety or emergency activities, events or records, made available by an Agency for remote, electronic access. Each Agency maintains sole control over the nature and extent of access to its own Agency Databases.

"Data Sharing Network" means the combination of hardware, software and Agency Databases that enable Agencies to exchange data electronically through Internet protocols.

"Security System" means the combination of a User ID, an Agency Code and a password that uniquely identifies each individual using the Data Sharing Network, and that is required in order for such individual to obtain access to the Server and Agency Databases via the Server.

"Server" means the computer system maintained and operated by SunGard Public Sector, and through which Users obtain remote access to Agency Databases.

"User" means Customer, and includes for purposes of this Supplement the User's employees and agents on a "need to know" basis. Where the Exhibit 1 to which this Supplement is attached identifies a limitation on the number of "Sworn Officers," the term "User" shall mean only that quantity of sworn police officers or State/NCIC query-certified officers employed by User. For the avoidance of doubt, no license is deemed granted to any person meeting the definition of "User" other than Customer itself. The right that any other User acting for on behalf of Customer has pursuant to this Supplement is derivative of Customer's right of use.

2. Access Subscription to Data Sharing Network. In connection with Customer's license to use the RMS Component Systems as otherwise provided for in the Agreement, Customer, as the "User," is also obtaining a subscription to access and use the Data Sharing Network, subject to the following additional terms and restrictions:

- a. For the term provided for in Section 2(b) below, Customer will have the right to access the Server to participate in and use the Data Sharing Network. Customer's subscription to use the Data Sharing Network (the "Subscription") permits Customer to send queries and to receive information from Agency Databases made available by other participating Agencies. In connection with the Subscription:
 - i. User may create on-line or printed reports of information retrieved from Agency Databases, and reproduce, reformat, print, display and distribute internally such reports, consistent with User's normal internal procedures.
 - ii. Notwithstanding the foregoing, User is prohibited from copying, distributing or displaying any information obtained from the Data Sharing Network for commercial sale, redistribution, broadcast or transfer, or to otherwise use such information in breach of any duty of confidentiality or privacy; and further, User is prohibited from allowing any other person or entity from using the information in any manner that is prohibited by the terms of this Supplement.
 - iii. User shall not, nor authorize or enable anyone else to, access the Server or use the Software or Data Sharing Network except as expressly permitted in this Supplement.

- b. The Subscription will be co-terminus with the term during which Customer is a subscriber to "Improvements" for the Baseline RMS Component Systems pursuant to the Software Maintenance Agreement entered into by the parties on or about the Execution Date. For the avoidance of doubt, neither Customer nor any User having access to the Data Sharing Network pursuant to Customer's Subscription will have any right to access the Data Sharing Network if Customer is no longer a subscriber to Improvements for the Baseline RMS Component Systems pursuant to the Software Maintenance Agreement.

3. Security System. User has sole responsibility and liability for the use and security of all user IDs, Agency Codes and passwords provided by it to any individual. User will comply with all policies and procedures established by SunGard Public Sector from time to time related to the issuance, validation and use of individual passwords. User will promptly notify SunGard Public Sector of the identity of the individual assigned to a particular password, of the cancellation or expiration of a password, and of the loss or misuse of any password or other Security System element. All passwords are subject to cancellation or suspension by SunGard Public Sector at any time and without notice, if SunGard Public Sector has reason to believe that a password has been or is being utilized in any manner or for any purpose not expressly authorized under this Supplement.

CUSTOMER AGREES AND UNDERSTANDS THAT SUNGARD PUBLIC SECTOR MAKES NO WARRANTIES WHATSOEVER, EXPRESSED OR IMPLIED, WITH REGARD TO ANY INFORMATION USED, ACCESSED OR PLACED ON ANY AGENCY DATABASE, AND SUNGARD PUBLIC SECTOR EXPLICITLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE IN CONNECTION THEREWITH.**

5. User Responsibilities.

- a. User is responsible for procuring, installing, and operating the individual computers used to access the Server, for providing a proper physical environment and remote access for such computers, for obtaining and installing an SunGard Public Sector-approved firewall and security system, for securing a dedicated Internet connection sufficient to meet User's data access needs and for providing such training and ongoing support services for individual users.
- b. User is solely responsible for adopting and maintaining procedures and security measures in connection with its use of the Data Sharing Network, any Agency Databases that it maintains, and in connection with any Agency Databases that it accesses. SunGard Public Sector has no responsibility and/or liability whatsoever for any: (1) security breaches or unauthorized access to the Data Sharing Network or to User's system, (2) interruption, delay, errors, or omissions of or in any Agency Database, or the results thereof, including (without limitation) examination and confirmation of data prior to use thereof, (3) provision for identification and correction of errors and omissions, (4) preparation and storage of backup data, and (5) replacement or reconstruction of lost or damaged data or media. 6. Agency Database Sharing. As part of the Subscription, Customer, as User, agrees to make its Agency Databases available to the Data Sharing Network. User shall host such Agency Databases on its server and shall cooperate if and when SunGard Public Sector, at its sole discretion, implements minor modifications reasonably required to provide Agency Database compatibility with and accessibility to the Data Sharing Network. Notwithstanding the foregoing, this Section 6 is not applicable where User has purchased a Non-RMS (view only) license and shall not be sharing any data on the P2P network (querying data from other agencies only). Notwithstanding anything to the contrary, User grants SunGard Public Sector permission to use the information contained in User's Agency Database to demonstrate solely to other law enforcement personnel the capabilities of the Data Sharing Network for purposes of increasing the number of departments utilizing the Data Sharing Network.

Customer covenants and agrees that it will promptly take all actions reasonably necessary to effect such designation of SunGard Public Sector as Customer's pay agent as provided for in this Section 2; and SunGard Public Sector covenants and agrees that, promptly after receipt of payment from Customer, SunGard Public Sector will make payment to each Vendor for Customer's procurement of the Pay Agency Products.
3. Pay Agency Products Procurement. SunGard Public Sector will remit payments made to SunGard Public Sector by Customer promptly upon customary terms for the Pay Agency Products to the Vendor on behalf of Customer. **CUSTOMER IS HEREBY ADVISED THAT VENDOR, AND NOT SUNGARD PUBLIC SECTOR, ASSUMES ALL RESPONSIBILITY FOR AND LIABILITY IN CONNECTION WITH THE PAY AGENCY PRODUCTS. SUNGARD PUBLIC SECTOR IS NOT AUTHORIZED TO MAKE ANY REPRESENTATIONS OR WARRANTIES THAT ARE BINDING UPON VENDOR OR TO ENGAGE IN ANY OTHER ACTS THAT ARE BINDING UPON VENDOR, EXCEPTING SPECIFICALLY THAT SUNGARD PUBLIC SECTOR IS AUTHORIZED TO REPRESENT THE FEES FOR THE PAY AGENCY PRODUCTS AS THE SAME IS PROVIDED FOR IN EXHIBIT 1 AND TO ACCEPT PAYMENT OF SUCH AMOUNTS FROM CUSTOMER ON BEHALF OF VENDOR.
