COMMUNITY BENEFIT PLAN (CBP) (Bonus Points)

WHAT IS A CBP:

CBP is a required plan of action that firms must commit to in order to ensure that all projects in the City provide a form of tangible benefit to the community. As successful response must include a percentage commitment toward CBP activities. The CPB commitment must be an overall percentage (%) of the project cost.

CBPs are generally required to be a part of all City Capital Improvement Projects over \$1 million. In addition, CBP are encouraged in non-CIP projects, as well as, CIP projects less than \$1 million.

Accordingly, proposers must demonstrate and provide a proposed CBP which has identifiable and observable community benefits for the community surrounding the Project and the City of Hallandale Beach. A responsive CBP should include a well-defined approach that the selected firm will take to ensure the firm's Philanthropic participation in City-sponsored, Community based organizations and/or programs, such as the Police Athletic League (PAL), City's Food Pantry, Future Foundation and City's local transit Program (Minibus). Other eligible activities must include, community outreach, mentoring, training and/or apprenticeships, or any other types of identifiable ancillary benefits for the community.

The CBP commitment must be an overall percentage (%) of the project cost. **Proposers that provide a response to the Community Benefit Plan please label it as Exhibit A.**

How is a CBP applied – What is expected for Non-CIP and CIP less than \$1 million

Please note that the submission of a CBP is encouraged but not required as detailed in this section.

- For Non-CIP projects or CIP projects less than \$1 million, the City encourages firms to include Philanthropic participation in City-sponsored, Community based organizations and/or programs, such as the Police Athletic League (PAL), City's Food Pantry, Future

Foundation and City's local transit Program (Minibus). Other eligible activities must include, community outreach, mentoring, training and/or apprenticeships, or any other types of identifiable ancillary benefits for the community.

- Points for these kinds of CBP will be awarded as Bonus Points in addition to the total 100 points.
- A successful response must include a percentage commitment toward CBP benefits. The CBP commitment must be an overall percentage (%) of the project cost.

What are the evaluation committee's responsibilities during evaluation of the CBP:

The evaluation committee appointed to review proposals is to grant the assigned points stated in the evaluation criteria grid to those firms that best meets the CBP for each project.

What will the evaluation committee be looking for when reviewing the CBP:

The evaluation committee appointed to review proposals will be looking for written substantive, detailed information that addresses the two (2) main elements that apply to CBP, as detailed below.

CBP Elements:

The CBP is composed of two (2) main elements:

- 1) Workforce Utilization
- 2) Hallandale Beach Vendor Utilization

1) Workforce Utilization:

The successful CBP Plan must detail **how** the firm will maximize the utilization of Hallandale Beach Residents as a part of the project.

The plan should include:

- What specific actions steps will be taken to recruit and or train residents.
- How will the firm mobilize in the community to be successful in accomplishing the CBP.
- The evaluation committee will give firms greater emphasis to workforce utilization.

2) Hallandale Beach Vendor Utilization:

A successful CBP Plan must detail what incentives and/or business practice the firm is willing to put in place to maximize the utilization of Hallandale Beach Vendors.

Example:

The contractor will host training for local subs to build capacity

The contractor will leverage relationships to assist in bid bond attainment

The contractor will provide local vendor preference regarding bid submittal

As successful response must include a percentage commitment towards CBP activities. This commitment can be an overall percentage of the project cost.

Example:

ABC and Associates commits to a 30% community benefit plan commitment with a goal of 60% of the aforementioned commitment being dedicated to workforce utilization.

* The City reserves the right to award higher points than stated below and such would be provided in the solicitation evaluation criteria.

The percentage of CBP stipulated by the firm in their proposal will be evaluated and the following points will be granted based on the Total project % of the total amount of project work pledged for CBP:

100%- 50% of total project work to be pledged to be for CBP =	15 points *
49% - 20% of total project work to be pledged to be for CBP =	10 points *
19% - 5% of total project work to be pledged for CBP =	2.5 points *
4% - 0% of total project work to be pledged for CBP =	0 points

What is the difference between LVP and CBP:

The Local Vendor Preference, as explained above, is granted if the appropriate and complete submission of the documents requested, as required by the specific Tier of LVP, is provided by the proposer with their proposal. The Procurement Department makes the determination, upon review of the paperwork/documents submitted by the requesting firm(s) for the applicable tier of LVP. In addition to the paper work/documentation that must be provided with the proposal, the proposer must clearly specify the information required as Exhibit C with the following information:

- a) The Tier applicability being required.
- b) The name of the company that meets the Tier applicability.

- c) Copy of the forms required to apply for the specific Tier preference.
- d) The percentage (%) of the total project cost which will be provided and performed by the Local Vendor whose name is provided for letter b above.

The evaluation committee grants the LVP based on the review made by the Procurement Department of the correct submission of information, as well as, the correct % of project work to be granted per Tier definition of LVP.
