- When computing pavement messages, quantities do not include transverse lines.
- When dynamic devices are not present or are to be installed, the crossbuck shall be located at the future location of the RR gate or signal and gate in accordance with Index No. 17882.
- Placement of sign W10-1 in a residential or business district, where low speeds are prevalent. The W10-1 sign may be placed a minimum distance of 100' from the crossing. Where street intersections occur between the RR pavement message and the tracks an additional W10-1 sign & additional Pavement message should be used.
- Recommended location for FTP-61-06 or FTP-62-06 sign, 100' urban & 300' rural in advance of the crossing.
- A portion of the pavement marking symbol should be directly opposite the W10-1 sign.

GENERAL NOTES

1. For traffic and pedestrian signal installation, refer to Index No. 17721 through 17890.
2. For public sidewalk curb ramps, refer to Index No. 304.
3. For pavement marking and sign installation, refer to Indexes 11200 through 17356.
4. Crosswalk minimum widths: Intersection Crosswalk 6'. Midblock Crosswalk 10'.
5. All crosswalk marking must be white.
6. Longitudinal markings in Special Emphasis Crosswalk must be 24" wide and spaced to avoid the wheel path of vehicles (see detail). Center the longitudinal markings at each lane line. Place additional longitudinal markings at the center of each lane (1/2W). The maximum spacing allowed between longitudinal markings is 60".

When the Crosswalk is skewed to the lane lines, the longitudinal markings should be parallel to the lane lines.

24" Longitudinal Bars in Special Emphasis Crosswalk must be preformed thermoplastic.

12" Transverse lines in the Special Emphasis Crosswalk may be standard thermoplastic or preformed thermoplastic.

ARROW SPACING

NOTES:

1. The "Begin Lane Line" locations are based on the standard lengths shown in Design Standard 301. These locations must be adjusted on a case by case basis for turn lanes not meeting the standard lengths.
2. Yellow left turn edge marking may be used adjacent to raised curb or grass medians if lane use is not readily apparent to drivers approaching a left turn storage lane.
3. Refer to Design Standard Index 301 for Roadway Details.
4. This Index also applies to right turn lanes.

10/14/2016 8:38:22 AM

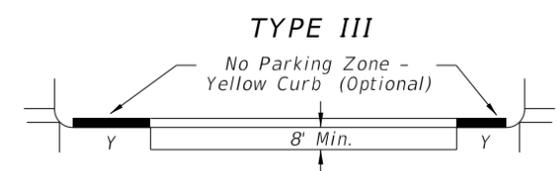

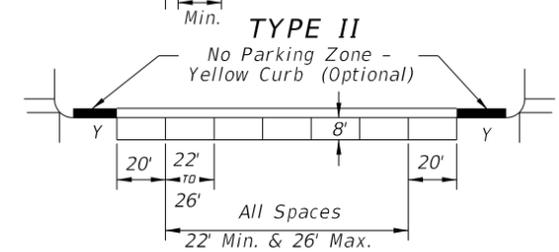

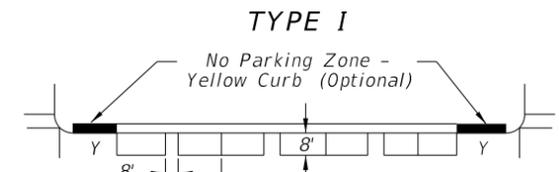

GENERAL NOTES (Signalized & Nonsignalized)

1. For entrances to a one-way street, the downstream restriction may be reduced to 20'.
2. Parking shall not be allowed within 20' of a crosswalk.
3. All parking lane markings shall be 6" white.
4. Parking lane lines shall be broken at driveways.
5. Refer to Chapter 316, Fla. Statutes, for laws governing parking spaces.
6. Where curb and gutter is used, the gutter pan width may be included as part of the minimum width of parking lane, but desirably the lane width should be in addition to that of the gutter pan.

HALL-003 CROSWALKS UPGRADE

METHOD TO PERFORM WORKS

As 05/16/2020, The City of Hallandale estimates that the project will be performed by a contractor. The City of Hallandale Beach will open Public RFP Bidding Process to contract works for Crosswalks Upgrades that will be financed with Surtax funding, following County, and City regulations as established at the corresponding ILA.

The city of Hallandale Procurement Department will ensure that a Competitive Bid and Requests for Proposals (RFP) are prepared, issued, evaluated, and awarded. The use of State of Florida and other governmental entity contracts and Bids is also recommended. The Department processes purchase requisitions and issues City purchase orders and monitors City bidding and purchasing procedures to ensure compliance with legal and other requirements.

The amount of the Contract will be the budgeted amount determined in a Bidding Process up to a maximum amount of \$ 1,710,485.00.

The city of Hallandale Beach will include in the RFP documents the Broward County adopted regulation of a 30% participation goal for Certified County Business Enterprise (CBE) firms for all eligible projects funded by the Broward Transportation Surtax.

The city Procurement Department will contact Broward County Economic and Small Business Development to follow regulations to be included in the RFP's
