Project Update Report

Background

The City of Hallandale Beach (City) has many years of participation in the Broward County CDBG Program. Through this program the City has obtained funds from the 45th Year CDBG funding to procure contractors for construction improvements within the area of the intersection of NW 7th Avenue and NW 3rd Court. These improvements will upgrade physical/aesthetic appearance that will complement housing development and rehabilitation as well as promote more attractive neighborhoods.

Scope of Work

The project scope focuses on the installation of approximately 285 linear feet of storm drainage pipe, 50 square yards of concrete sidewalk, 715 square yards of asphalt pavement, 60 square yards of sodding, pavement restoration and markings, new ADA compliant ramps as required and any other associated activities needed for the project.

Progress Report as of November 30, 2020

The design plan is completed. Pre-bid Meeting is scheduled on November 18, 2020. Proposal responses are due on December 14, 2020.
