PURPOSE OF THE BOARD

The purpose of the Planning and Zoning Board/LPA is to hold public hearings to consider requests for Development Review, site plan approvals, zoning and land use applications of properties located within the City limits and to advise and formulate recommendations to the City Commission for the improvement, planned growth, health, safety and well-being of the City. The Planning and Zoning Board/LPA assures compliance with the City’s Comprehensive Plan and Zoning and Land Development Code.

The Planning and Zoning Board/LPA also may make recommendations to the City Commission concerning proposed zoning (text and map) changes, approve preliminary plats of major subdivision plats, and perform any other duties assigned by the City Commission or as authorized by ordinance.

The Planning and Zoning Board/LPA also may grant final approval for minor Variances within the City, in accordance with Section 32-965 of the Zoning and Land Development Code, which helps expedite processing of minor deviations of code requirements.
